

LOCAL NEWS.

JOHN D. CARTER bought McNeil's property, west of the Public Square.

The Randolph Teacher's Association meets next Saturday, the 4th inst., at the Seminary, in Winchester.

GEORGE STEVENSON, we learn, is up with the time in the sugar-making business, having already made a barrel of very fine quality.

JACOB MUCKY sold his farm, in Ward township, for \$3,100, and bought Henry A. Pierce's property, south of town, for \$1,500.

WM. GOODRICH removed to Fairview, in this county; he is one of the firm of Barger, Goodrich & Co.—We say success to him in his new enterprise.

WE understand that Winchester is to have a wholesale boot, shoe, and leather store. We think this is a good point, and shall welcome the gentleman to our town.

WE would like to ask some one who knows, what the Indiana Legislature has done this session. The members have expended a great deal of gas, but we are not aware of any thing else they have done.

WM. PAGE takes possession of the Franklin House, on the 10th inst. J. F. McMahon, the present proprietor has purchased the Avery property near the depot, to which place he will remove.

ARTHUR McKew, and B. F. Diggs, have returned from Washington city, where they have been to secure a charter of a National Bank at Winchester; they were successful—charter obtained for \$60,000, with power to increase to \$120,000. The Bank will be ready for business in a few days.

CAPT. GEO. E. CARTER returned home on Saturday night, on leave of absence for twenty days. He is looking the picture of health. We were glad to take him by the hand, as we are every brave defender of our country. The Captain has always been on hand when his services were needed. He is a good officer, and is popular with his men.

PROMOTIONS IN THE 84TH REGIMENT.—WM. A. McClellan, Captain; Horace E. Williams, 1st Lieutenant; Joseph H. Fisher, Captain; Frank M. Flickenger, 1st Lieutenant; Felix C. Cross, 1st Lieutenant; George H. Cain, 1st Lieutenant.

The promotion of these officers is well received by friends at home. They are all worthy of the new position.

MAJOR COLONEL is Captain of company A, 147th Indiana. It is expected he will either be Colonel, or Lieut. Colonel. We think he is entitled to the first position in the regiment; for he has served his country three years, and never faltered; and we are in favor of giving these positions to those who did their duty at the front; but from some cause or other, pot-house politicians have got them.

MAPLE MOLASSES.—We want it distinctly understood that we consider ourselves first rate judges of maple molasses. If those making, will send us specimens, we will determine on the fine quality and report through the Journal. We hope no one will be backward, as it will be no trouble to us; our better half is keeping some buckwheat flour for this purpose, so that we would rather consider it a pleasure to be able to give an experimental opinion.

CANDIDATES.—We expect the Journal to be entirely neutral on the subject of who will be nominated to the various offices to be filled at the coming election. Correspondents will therefore govern themselves accordingly.

The candidates who have announced their names are all good reliable Union men, entirely worthy of the suffrages of the people of Randolph county. This is what we expect the Journal to say until after election, then it will be for the nominee.

THE CONCERT, on last Friday night, was an entire success. The house was crowded, and the order good. The vocalists executed their pieces well, and we have no criticism to offer, except to say, that some of the voices might have been a little fuller. The instrumental part of the concert was well sustained by all; indeed we feel like saying that it would compare very favorably with some of our pretentious orchestras in the city theaters. We think the concert entirely creditable to the performers, and an honor to Win-

chester musical talent. If the performers could have had the benefit of a town hall, the arrangements could have been more perfect, which would have been a relief to them and the audience. We trust Winchester pride will soon build a town hall.

HARRISVILLE. The railroad company is paying \$2 35 per cord for wood, instead of \$1 35, as stated before.

Keyser & Pickett are engaged in mercantile business. They have just received a new supply of goods, which they are selling on reasonable terms. They are paying the highest market price for produce.

While river has seldom been higher than it has from the recent rains. Great preparations are being made for sugar making. If the season is good, it will be profitable this year. At this season of the year farmers should provide good shelter for their stock.

As we predicted, the stockholders of the turnpike company have selected the north route from Winchester.

The health of the settlement is good, except John Cox and Mrs. Ruth Peacock. CORRESPONDENT.

WASHINGTON TOWNSHIP. J. W. Stamper, a Methodist preacher that was exiled from North Carolina, on account of his Union sentiments, will preach at Liberty, on the night of the 25th of March; also, the following day at half past ten o'clock. He had forty-three negroes, other personal property, and eleven hundred acres of land, confiscated by the Confederate Government—amounting to ninety-eight thousand dollars.

Esquire Johnson and James Bales have gone to Merom College, to settle up the estate of the late Pleasant Bales.

Thornburg, at Bloomingsport, is doing a very lively business in the goods line.

The number of volunteers from this township is 23; \$8,300 bounty money was paid; casual expenses, \$73 25; whole amount, \$8,433 25. J. H. STINE.

For the Journal.

DEERFIELD. There is still considerable sickness in and around town. The small-pox is spreading. I understand that Mr. Joseph Chan's family have all got it, and the people appear to dread its approach. Having never had it, I feel no anxiety for a near approach.

The Whipple boys have got, at their steam flouring-mill, three hundred and twenty cords of wood; their mill is in good order. They are prepared to do a cash business for themselves, and good and honest work for their customers.

The Independent Order of Good Templars have organized in Deerfield, and quite a number have become members, and several petitions for membership have been presented. They meet on Wednesday evening of each week, and are doing a good work. They are robbing our rum-seller of some of his customers. It is to be hoped that the Order will continue on until the old agent of destruction will be compelled to follow a more honorable calling than dealing out the degrading article that destroys men, both temporally and spiritually—sending them down to death, and leaving their families to live on the charity of the people. May God speed the time when intemperance shall be driven from our soil. CORRESPONDENT.

STONY CREEK TOWNSHIP. FEBRUARY 27, 1865.

Not intending to become a regular correspondent of your valuable paper, but willing to enhance its interest as far as I can, I thought I would give your readers a few local items.

The people are jubilant over Sherman's movements in the Carolinas, and feel that the rebels are getting their just deserts.

The following are the names of the men who volunteered to fill the quota of Stony Creek township, in the present call: George D. S. Reece, J. Wootan, Friend S. Bailey, George Watson, Wm. Hines, Francis Ford, O. F. Levellen, John McGuire, George Raby, Joseph McNeese, Michael Smith, George Outland, Jesse Weaver, Owen Jones, Wm. Bailey, Myers Silvers, J. W. Jones, Wm. Faulkner, J. W. Robinson, James Shockley and John W. Thornburg. A number of the above named have been in the three years service, and are as good boys as ever defended our country.

A great many persons are removing, or preparing to remove from this part of the county, West, this spring. Over fifty persons left Morristown, and vicinity, on last Tuesday evening, for Illinois, and many others are preparing to go to Iowa, and other Western States.

It is very healthy here at this time, and if it continues, there will be a good chance to hear Doctors complaining of hard times.

Respectfully, remaining, A FARMER.

For the Journal.

FAIRVIEW. Although there are some living men about Fairview, as well as any other place, yet a regular correspondent could not at this time of the year, find any thing of importance to write, or at least any thing that would interest your readers to a very great extent.

The citizens of this township have put on representatives into the army, for the purpose of clearing the township from the draft, under the call made in the early part of the winter, but finding that the quota of the

township, after deducting credits, was thirteen, they made an effort to raise money for the purpose of putting in three more men; this perhaps may with difficulty be accomplished.

The people, however, have done nobly, in proportion to their wealth. It is thought by many that, should there be a draft after harvest, the township could be cleared much easier than now.

It is well known perhaps that Barger & Conyer, dry goods dealers, of Fairview, have admitted as one of their firm Mr. William Goodrich, of Winchester. This will doubtless be a very responsible firm. They are doing as good business as ever. J. M. Starbuck is doing a very good business. J. R. Jones has sold his share in the shoe shop, in this place, to Mr. Patty, formerly of Morris-town, in this county. Jones is still carrying on the saddle and harness trade, and is doing well. J. A. Sullivan is Justice of the Peace here. Abijah Johnson is the only practicing physician in town; office, opposite Mr. Elam Kelley's dwelling. BALTIMORE.

For the Journal.

FARMLAND.

Our enterprising village is still doing a good business in trade; though several of our enterprising business men are about to leave our place, others are coming in to fill the vacuum.

J. A. Henning has bought the entire stock of the firm of Bader & Henning, and has just returned from the city with a good supply of new goods, which he says he will sell cheap.

Joel Thornburg has bought the entire stock of the firm of J. & L. Thornburg, and still proposes to supply his customers with goods in any quantity desired.

Routh & Co., are doing a live business in the mercantile line. William L. Jones has recently opened a grocery store in this place. Miller & Gable have a good stock of drugs and groceries, and are ready to wait upon customers, or fill orders, at all times promptly.

S. T. Botkin, whom you have heretofore known as the very able and accommodating clerk in Thornburg's store, has secured a position in the house of Darst, Herchelrode & Co., of Dayton, Ohio, where he will be glad to see his many warm friends when visiting that city.

Mrs. S. E. Parker bought a house and lot of J. A. Henning, in this place, for \$500.

Temple Smith, who recently sold his town property, to J. A. Moorman, has bought a farm of Mr. Muckey, in Ward township, and designs moving to it in a few days.

The Randolph County Journal is recognized as a valuable family paper in this community, as evidenced by its large and increasing circulation in this vicinity.

J. A. Moorman disposes of his personal property at public sale on the 11th of March.

John M. Terrill, of this place, was seriously, if not dangerously hurt, by an accident, while moving an old building. THARON.

FOUND.—The undersigned found a piece of Dry Goods. Any person having lost a piece, by describing the same, and paying charges, can take it away. CHRISTIAN RENTS.

The crowd being so great that all could not see the fine new Goods at Williams's store. We saw eyes on the goods boxes, saying No. 3 is the place for bargains; so the people made a mighty rush for these goods, but they found enough for all.

And I saw a great hat moving far above an excited crowd, and I made inquiry what was going on, but I could hear nothing except the shouts of the people, saying, Henry, give me a dollar's worth of that nice Sugar. He always keeps it at No. 9.

GREAT EARTHQUAKE AT WINCHESTER.—The wind blew and the storms descended and beat upon Way's Grocery, but it did not affect it; they continued selling lower than any body else. Sugar, Tea, Coffee, Baskets, Buckets, &c., of the best quality, always kept at No. 1.

We would respectfully refer our readers to the cards of Webb, Tarkington & Co., and Daily, Kiefer & Rush. The first are wholesale Dry Goods merchants, and the latter wholesale Druggists. They are good business men and clever gentlemen. They are on Meridian street, south of Washington.

Sherman is marching on, driving every body before him, and kicking the Old Harry generally. And so is John Carter kicking up a muss and creating a great panic in the Dry Goods world. He auctioneers, and sells at private sale—any way you want to buy. Some folks say John is crazy. Well, you know they called Sherman crazy, too. John is marching on.

"Oh tell me no more of this world's vain store; the time for such trifles with me now is over." So I'll go to Reeder & Weldy's to buy the cheapest, best, nicest Goods there is in any town or city in Eastern Indiana. A new stock has just been received, and we are warranted in saying that you can buy of them cheaper than ever. Call and see if we tell the truth.

And lo! I heard a great noise, day and night, such as no man could make with his mouth, or with musical instruments, and on inquiry I found it proceeded from a Sewing-Machine at John Richardson's, making up his Fine Cloths and Cassimers. John has the largest stock ever offered in this market, just arrived. We will say, on our reputation, that John has better Goods than any other man in this county.

A SUPERIOR REMEDY.—We can conscientiously recommend to those suffering from a distressing cough, Dr. Strickland's Mellifluous Cough Balm. It gives relief almost instantaneously, and is withal not disagreeable to the taste. There is no doubt but the Mellifluous Cough Balm is one of the best preparations in use, and is all that its proprietor claims for it. We have tried it during the past week, and found relief from a distressing cough. It is prepared by Dr. Strickland, No. 6 East Fourth Street, Cincinnati, Ohio, and for sale by Druggists at 50 cents per bottle.

A REMEDY FOR THE PILES.—It is a blessing to the suffering to know that we have an effective cure for this truly troublesome disease. Mr. J. P. Hazarde, of 164 Second street, Cincinnati, Ohio, takes great pleasure in informing all who are suffering with piles that he used Dr. Strickland's Pile Remedy, and it effected a permanent cure. This seems to be the case with all who make use of this splendid preparation. It is manufactured at No. 6 East Fourth street, Cincinnati, O., and sold by all Druggists. 4

DR. SEELYE'S LIQUID CATARRH REMEDY.

Cure Warranted if Directions are followed. Hundreds of Citizens of Chicago have been Permanently Cured by this Medicine.

Call for a Circular describing all symptoms.

DR. D. H. SEELYE & CO., Sole Proprietors.

OFFICE—MASONIC TEMPLE, Room No. 11, CHICAGO, ILLINOIS.

SYMPTOMS.

The symptoms of Catarrh as they generally appear are at first very slight. Persons find they have a cold, that they have frequent sneezes, and are more sensitive to the changes of temperature. In this condition, the nose may be dry, or a slight discharge, thin and acid, afterward becoming thick and adhesive. As the disease becomes chronic, the discharges are increased in quantity and changed in quality; they are now thick and heavy, and are hawked and coughed off. The secretions are offensive, causing a bad breath; the voice is thick and nasal; the eyes are weak; the sense of smell is lessened or destroyed; deafness frequently takes place. Another important and common symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick and slimy mucus, which has fallen down from the head during the night. When this takes place, the person may be sure that his disease is not in its way to the lungs, and should lose no time in arresting it.

A Single Bottle will last a Month—to be used three times a day.

TESTIMONIALS.

From Hon. Thos. J. Turner, Ex-Member of Congress, from Illinois, late Speaker of Illinois House of Representatives, and Grand Master of A. F. and A. M. of the State of Illinois. FREEPORT, Oct. 21, 1863.

Dear Sir:—In reply to your notice of the 15th inst., I would say that I was severely afflicted with Catarrh for years, when I became acquainted with you and bought two bottles of your Liquid Catarrh Remedy. Before I had used one bottle I was sensibly improved, and before the second bottle was finished, was completely cured. I can recommend to all afflicted with Catarrh.

Respectfully Yours, THOS. J. TURNER.

WHEELER & WILSON'S

SEWING MACHINES.

THE public have tried these justly celebrated Machines for

Ten Years.

And they have decided that they are

THE BEST.

Look at the numbers sold up to this time. The leading Machines foot up as follows:

Wheeler & Wilson's 140,000
J. M. Singer & Co. 70,000
Grover & Baker 5,000

The Wheeler & Wilson sales are nearly as many as the others combined.

These are the reasons:

1st. The Inventor of the Wheeler & Wilson is a genius who thoroughly understands all the principles that govern machinery. 2d. He has experimented with his own inventions, and has tested the ideas of others; using that which is good and throwing aside the bad, till the Wheeler & Wilson stands alone—acknowledged by all machines to be the most perfect sewing machine. 3d. The Wheeler & Wilson has no clasp-trip flaps about it. It does not make four different stitches, nor claim to do any other foolish impossible thing. 4th. Experience has led to the conclusion that the variety of stitches made by machinery, the plain lock-stitch is the best, (more durable and handsome.)

The WHEELER & WILSON makes this stitch,—its alike on both sides the goods—does not rip or travel, and requires less than half the thread to form it,—that is used by other stitches. 5th. The entire motion of the machine is rotary, so that the wear is scarcely perceptible, and the joints are all open, so that this slight wear can be taken up.

Still at first—then experience—so as to know what is needed for the great variety of sewing in families together with capital and energy, have all combined to make the WHEELER & WILSON the leading machine in the world.

All Machines warranted three years; instructions given at our offices, free of charge; printed instructions accompany each Machine. Any person of ordinary intelligence can, in an hour's time, get a knowledge of the Machine, so that, with practice, they will make good operators.

Call and examine them, or send for circular with samples of work.
